

# Cornwall Insight Flexibility Event

We are delighted to present our virtual GB Flexibility event for customers, and prospective customers, on 20 August from 10am.

Our experts will give an overview of current and upcoming trends across the wholesale and retail flexibility space. This will be split across two sessions - the first considering short-term changes and the second looking further ahead. There will also be a chance for Q&A at the end of each session.

**Date:** 10.00 – 12.00 – 20 August 2020

## Agenda:

### Session 1: Recent changes and short-term timeframes

- Introduction and context
- Capacity market – recent changes and our outlook for upcoming auctions
- Balancing services – flexibility for the ESO and DSO
- Network charges – what's happened and where are we going
- Routes to market – trends in the flexible power purchase agreement (PPA) space
- Q&A

*Break – 11.00 – 11.15*

### Session 2: Looking further ahead for flexibility

- Demand side flexibility – role of demand side response to date, and future for domestic scale flexibility
- Looking further ahead – our outlook on capacity and prices to 2050 & emerging flexibility markets
- Summary timeline – what to lookout for in the next 12-24 months
- Q&A
